At approximately 11:30 AM on April 3, I received a phone call from Mr. Dan Powell regarding his bond for the Cherry Hill Mine and his inability to get a surety bond from Cornerstone insurance. He stated that he was going to get a Letter of Credit from his bank. I told him that he needed to call Wayne Hedberg or Lowell Braxton to inform him of his problem and that I could do nothing other than relay the message to Mr. Hedberg. I did this at 11:30 AM.
